Subject: DVR Training Grant Update

Subject - DVR Training Grant Update

Effective Date

July 11 2016

Resources to process DVR training grants have been updated including the [2016-2017 Payment Guide](#).

DVR Training Grant Webpage Link: http://dwd.wisconsin.gov/dvr/trg_grant/default.htm

This Replaces

All previous information provided for 2015-2016.

Why is this change being made?

To provide updated information.

What are the Changes?

The training grants for in state public and private schools have been populated with the correct processing email address.

- Budgets will no longer be provided in prepopulated forms. Each school will complete the school and student specific cost of attendance budget.

Use the blank electronic training grants form for any other schools. Please make sure that you complete the address in the training grant for the school.

The Payment Guide for 2016-2017 is also ready for use. Several schools have census dates that have not been determined. The guide will be updated with the new information as it comes in. If you are aware of an update to any of the school information please contact Kathleen Enders: kathleen.enders@dwd.wisconsin.gov

Some schools have DVR points of contact identified. If you have a processing issue please contact the DVR liaison assigned to the school or contact the FAO staff person listed in the Payment Guide.

- The schools are listed alphabetically and hyperlinked for ease of use.
- Special Instructions for some schools are included so you will only need to reference a single document.
- The correct FEIN and STAR key/billing addresses have been listed for each school.

The training grants and Payment Guide can be found on the V Drive/DVR/Training Grants or at the links above in this email.

DVR STAFF ARE REMINDED THAT TRAINING GRANTS CANNOT BE PROCESSED FOR PAYMENT TO CCP PRIOR TO THE POSTED CENSUS DATE.
